I. INTRODUCTION

Habitat for Humanity Portland/Metro East (Habitat) has developed this Request for Proposal (RFP) to help organizations and contractors bid on specific scopes of work for the construction of Habitat homes.

Because Habitat is currently building 20-30 homes per year, there are ongoing opportunities for firms that can consistently demonstrate excellent performance and the abilities to achieve economies of scale.

Since 1981, we have built over 250 homes in the Portland/Metro East service area (Multnomah County and northern Clackamas County). Our commitment to building decent, affordable single and multifamily housing harnesses the good will of over 3,500 volunteers per year.

For more information about Habitat’s mission and approach, as well as photographs of completed homes and details on our programs and projects under construction, visit our web site at http://habitatportlandmetro.org/our-builds/.

Habitat, as General Contractor and Owner, solicits bids for the procurement of construction-related materials and subcontracted services. Habitat makes a good faith effort to include all interested parties in the bidding process. Habitat maintains a list of vendors and solicits RFP responses. In addition, Habitat advertises RFPs for construction projects on industry websites and in industry publications.

RFPs are available at http://habitatportlandmetro.org/our-builds/bid-opportunities/.

(d) The Contractor warrants to Habitat that materials and equipment furnished by the Contractor under this Agreement shall be of good quality and new unless otherwise required or permitted by Habitat, and that the Contract Work shall be free from defects not inherent in the quality required or permitted, and that the Contract Work shall conform to the requirements of this Agreement. (a) Habitat reserves the right to perform construction or operations at or about the Project Site with Habitat's own forces, and to award separate contracts in connection with other portions of the work being performed at the Project Site or other construction or operations on the Project Site under conditions of the contract identical or substantially similar to this Agreement, including those portions related to insurance. If the Contractor claims that delay or additional cost is involved because of such action by Habitat, the Contractor shall make such claim in accordance with Article IX of this Agreement.

(b) The Contractor shall afford Habitat and separate subcontractors reasonable opportunity for the introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contractor.

ARTICLE VIII
CHANGES IN THE WORK
(a) Habitat, without invalidating the Contract, may order changes in the Contract Work consisting of additions, deletions, or modifications, the Contract Sum and the Contract Time being adjusted accordingly. Such changes in the Contract Work shall be authorized by a written change order (the "Change Order"), in the form set forth in Attachment B of this agreement, signed by Habitat, which Change Order shall be deemed to be a part of this Agreement.

(b) The Contract Sum and the Contract Time shall be changed only by a Change Order.

(c) The cost or credit to Habitat from a change in the Contract Work shall be determined by the mutual agreement of Habitat and the Contractor.

ARTICLE IX
TIME
Time limits stated in this Agreement are of the essence of this Agreement. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Contract Work.

If the Contractor is delayed at any time in progress of the Contract Work by changes in the Contract Work, by labor disputes, fire, unusual delays in deliveries, abnormal adverse weather conditions which could not be reasonably anticipated, unavoidable casualties, or any causes beyond the Contractor's control, or by other causes which may justify delay, then the Contract Time shall be extended by a Change Order for such reasonable time as Habitat and the Contractor may determine.

ARTICLE X
PAYMENTS AND COMPLETION
(a) Payments shall be made as provided in Articles III and IV of the Agreement.

(b) Payments may be withheld on account of (1) defective Contract Work not remedied by the Contractor, (2) claims filed by third parties, (3) failure of the Contractor to make payments for labor, materials, or equipment, (4) reasonable evidence that the Contract Work cannot be completed for the unpaid balance of the Contract Sum, (5) damage suffered by Habitat or another contractor, (6) reasonable evidence that the Contract Work will not be completed within the Contract Time and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay, or (7) the Contractor's persistent failure to carry out the Contract Work in accordance with this Agreement.

(c) Final payment shall not be due until the Contractor has delivered to Habitat a complete release of all liens arising out of this Agreement or receipts in full covering all labor, materials, and equipment for which a lien could be filed. If such lien remains unsatisfied after payments are made, the Contractor shall refund to Habitat all the money Habitat may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.
(d) The making of final payment of the Contract Sum by Habitat shall constitute a waiver of claims by Habitat except those arising from:

1. Liens, claims, security interests, or encumbrances arising out of this Agreement which remain unsettled;
2. The failure of the Contract Work to comply with the requirements of this Agreement;
3. The terms of special warranties required by this Agreement.

Acceptance of final payment of the Contract Sum by the Contractor or a material supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by the payee as unsettled at the time final payment is made.

ARTICLE XI
PROTECTION OF PERSONS AND PROPERTY

The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of this Agreement. The Contractor shall take reasonable precautions for the safety of, and shall provide reasonable protection to prevent damage, injury, or loss to:

1. Employees performing the Contract Work and other persons who may be affected thereby;
2. The Contract Work and the materials and equipment to be incorporated therein; and other property at the Project Site or adjacent thereto. The Contractor shall give notices and comply with applicable laws, ordinances, rules, regulations, and lawful change orders of public authorities bearing on safety of persons or property and their protection from damage, injury, or loss. The Contractor shall promptly remedy damage and loss to property at the Project Site caused in whole or in part by the Contractor or anyone directly or indirectly employed by the Contractor, or by anyone for whose acts the Contractor may be liable and for which the Contractor is responsible under this Article XI, except for damage or loss attributable to the acts or omissions of Habitat or by anyone for whose acts Habitat may be liable, and not attributable to the fault or negligence of the Contractor. The foregoing obligations of the Contractor are in addition to the Contractor's obligations under Subsection (h) of Article V.

ARTICLE XII
INSURANCE

The Contractor shall take out, pay for, and maintain throughout the duration of this Agreement and shall also require any subcontractors to take out, pay for, and maintain the following:

(a) General liability insurance for an amount of not less than $1,000,000 per occurrence for bodily injury and $1,000,000 per occurrence for property damage, with an aggregate of not less than $2,000,000.
(b) Worker's compensation insurance as required by the laws of the State of Oregon and any other applicable law.

Before beginning the Work, the Contractor shall furnish to Habitat certificate or certificates showing the above insurance minimums and including Habitat as additional insured under the scheduled policies. Failure of Habitat to request or receive such certificates shall not relieve the Contractor of its obligations under this Agreement. Failure to maintain the required insurance during the course of the work shall be a breach of this Agreement, and Habitat may, at its sole discretion, terminate this Agreement immediately upon such an occurrence.

ARTICLE XIII
CORRECTION OF WORK

(a) The Contractor shall promptly correct Contract Work reasonably rejected by Habitat or which fails to conform to the requirements of this Agreement, whether observed before or after the completion of the Contract Work and whether or not fabricated, installed or completed, and shall correct any Contract Work found not to be in accordance with the requirements of this Agreement within one year from the date the Contract Work is completed or by the terms of an applicable special warranty required by this Agreement.

(b) Nothing contained in this Article XIII shall be construed to establish a period of limitation with respect to other obligations which the Contractor might have under this Agreement. Establishment of the time period of one year as described in Subsection (a), above, relates only to the specific obligations of the Contractor to correct the Contract Work, and has no relationship to the time within which the obligation to comply with this Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.
ARTICLE XIV
GOVERNING LAW
This Agreement shall be governed by the laws of the State of Oregon.

ARTICLE XV
TERMINATION OF THE CONTRACT
(a) Habitat may terminate this Agreement at any time. If Habitat terminates the Agreement for any reason other than as provided in Subsection (c) or (d) herein, the Contractor may recover from Habitat payment for Contract Work executed and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery, including reasonable overhead, profit and damages applicable to the Contract Work.

(b) If Habitat fails to make payment hereunder for a period of fifteen (15) days after the date a payment is due, the Contractor may, upon seven (7) additional days' written notice to Habitat, terminate this Agreement and recover from Habitat payment for Contract Work executed and for proven loss with respect to materials, equipment, tools, and construction equipment and machinery, including reasonable overhead, profit and damages applicable to the Contract Work.

(c) If the Contractor defaults under this Contract or persistently fails or neglects to carry out the Contract Work in accordance with this Agreement, Habitat, after seven (7) days' written notice to the Contractor, and without prejudice to any other remedy Habitat may have, may make good any deficiencies and may deduct the cost thereof, from the payment then or thereafter due the Contractor. Alternatively, at Habitat's option, Habitat may terminate this Agreement and take possession of the Project Site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor and may finish the Contract Work by whatever method Habitat may deem expedient. If the unpaid balance of the Contract Sum exceeds the cost of finishing the Contract Work, such excess shall be paid to Contractor, but if such costs exceed such unpaid balance, the Contractor shall pay the difference to Habitat.

(d) If the Contractor cannot complete the Contract Work for circumstances beyond its reasonable control, then, at Habitat's option, Habitat may terminate this Agreement and take possession of the Project Site and of all materials purchased by Contractor in order to perform the Contract Work and may finish the Contract Work by whatever method Habitat may deem expedient. If the unpaid balance of the Contract Sum exceeds the cost of finishing the Contract Work, such excess shall be paid to Contractor.

(e) For purposes of this Agreement, the Contractor will be in "default" if (i) the representations and warranties contained in Article XVI were incorrect as of the date this Agreement is executed; (ii) the Contractor fails to comply with any of the requirements contained in Article XVII or XVIII of the Agreement; (iii) the Contractor fails to perform the Contract Work in accordance with the terms of this Agreement for reasons other than those Specified in Subsections (b) and (d) herein; or (iv) the Contractor fails to comply with any law, order, rule or regulation of any court, governmental or regulatory body applicable to the Contractor.
